

SIMPLE SALES DASHBOARD DESIGN

LINE CHART: SALES OVER MONTH

This graph shows the proportion of month(orderdate) vs sales .In january to february a decrease in sales.In feb-march a slightly increase in sales.After march a rapid increase and decrease in sales and go on.

BAR CHART: SALES BY REGION

The second diagram shows the proportion of sales by region. In this diagram, we can clearly identify that the west region has the most sales done. The lowest sales were done by the east region.
